

## DataTorrent Startup Accelerator

*Sharpen your startup's competitive edge with real-time streaming data ingestion and analytics*

Designed to boost startups' data-centric foundations, the DataTorrent Startup Accelerator gives qualifying companies valuable access to the DataTorrent RTS Enterprise platform with no licensing fees for one year. Powered by the open-source Apache Apex engine, DataTorrent RTS is the industry's only enterprise-grade platform designed to ingest, transform, and analyze every data type in real-time—to give you the insights you need to take your startup to its next level.

Access to the DataTorrent RTS enables companies to deliver transformative real-time streaming applications in minutes and lower overall cost of operations – a tremendous value to companies with early promise and lean resources. With easy-to-use management and monitoring UI, real-time dashboards, automated fault-tolerance, and real-time predictive models, DataTorrent RTS provides a scalable solution for your company's needs, freeing you to focus on what's really important for your customers and your business development.

### Who qualifies?

STARTUPS GENERATING

less than  
**\$10 million**  
in annual revenue

with under  
**\$30 million**  
in funding

### What's included?

Qualifying startups receive access to the DataTorrent RTS Enterprise platform, including key features such as Manage, Dashboard, Assemble, Application Data Tracker, and other capabilities not available in the DataTorrent Community Edition. The software license is free for one year, and DataTorrent provides 400GB in licensed memory.

### What support and expertise is available to me?

DataTorrent provides a variety of free support resources to get you and your colleagues up to speed on our platform, including webinars, product documentation (available at [docs.datatorrent.com](https://docs.datatorrent.com)), and presentations. We also offer free access to a robust community of users who participate in our Apex User Forums or our DataTorrent Users Group. For participants seeking more, we are pleased to discuss options for in-depth professional services, support, or training.

### What if my startup surpasses your revenue and funding limits?

Growth is good—for you. If your company exceeds funding and revenue thresholds through growth or equity events, you must notify us. We'll honor the terms for an additional 6 months, at which point you'll transition to a paid license or move to Apache Apex at the usual terms, conditions, and pricing.
